Key Strengths What & How
Results oriented: Operationalized the APJC ISG Pursuit model strategy (GBO); Designed multiple ISG program plays to drive top-line growth – SPS TAP, HE Acceleration (GBO); Reimagined Storage BMS reporting (GBO); 200+ hrs./ qtr. avoidance by automating Kingston inventory tracking (GOF)
Controllershship: Reduced bank recon. open items from \$145M to ~\$65M (Accounting) & drove various MAP/MRL control initiatives for the SAKE region (GBO)
Project Management: Managed multiple projects with various stakeholders to drive business transformation (CFS)
Business Partnership: Maintain strong stakeholder relationship across Sales, Presales, Product Ops, Marketing & Finance (GBO, FPA)
Development Opportunities What & How
Strategic Thinking: Contribute to the overall business growth & profitability. Thinking big picture. Strategic vs tactical
Field Mindset: Ability to marry data with the field reality to generate insights. Not being data lop-sided
Influencing Skills: Drive high impact cross-functional projects
Next Possible Assignments
12-36 Months: Hone on strategic thinking, controllershship & business transformation skills
3-5 Years: People management experience in the Agentic AI world
